## ORDER FORM

“If you want to be successful at planting trees it is necessary for people to fall in love with their **choice**. In many respects this is a matter of romance and poetry .... for once they truly fall in love with one tree, they most certainly will want more.” — **Ryan Gainey**

Homeowner is responsible for identifying and marking all underground utilities and hazards. Prices and Availability are subject to change. If you require large trees or special orders, please inquire. Trees not picked up or delivered by April 24th will be available for pick-up at the festival grounds. Donations made to Trees Atlanta or the City of Decatur will be earmarked exclusively for tree planting within the city limits during planting initiatives later this year. Trees Atlanta is the installer of choice for the city, and their only affiliation with the Decatur Arbor Day Festival is to assist in honoring donations for trees and helping with installations for trees sold through the event. For donation purposes, keep in mind that a typical tree costs Trees Atlanta \$200 to purchase, plant, and assign a maintenance schedule. More info about Trees Atlanta can be found on their website.
